Infinite Love ® is freely offered for spiritual purposes but also can be successfully used for healing purposes as long as our energetic, spiritual and physical bodies are strongly interconnected, but it is not meant to replace any medical treatment.

Sokaisi ® is a spiritual system consisting of initiations meant for personal and spiritual development. The initiations work on DIY basis absolutely free of any master or any charging, unless specified here. Anyone claiming any of these initiations, charging or pretending to facilitate these initiations will be in violation of founder purpose, and subject to definitive withdrawal of any Sokaisi ® initiation.

Completing the Zalmoxis Initiations you are at the cusp of Earth's spiritual initiations. The next step is the recognising of who you really are and where are you coming from, leading you to the supreme Truth! This knowledge is thousand years old but carefully hidden by those that always ruled the Physical Plane because this knowledge leads to the end of Darkness. It does not appear only to Dacians-Thracians but in many spiritual systems that today are "inexplicably" lost.

Jesus was born in an Essene community, which shared the exact same knowledge. Esenians were profoundly spiritual ascetics and their spiritual life was based on Initiations. The precious spiritual texts written on scrolls were kept safe from being destroyed when Esenians were hunted for their spiritual views, and now are hidden at the Vatican, which keeps most of the important spiritual texts of the world away from the public eye. Religious censorship available from centuries, but strangely everybody seems to mandate Church as spiritual, not suspecting its occult interests.

Zoroastrianism, based also on Initiations was destroyed by the instrumentality of one of the preeminent Christians at their time: Alexander Macedon and all significant spiritual texts disappeared. And the list could go on. All that in the name of God? But you already know what kind a God is it.

In the True Creation every Spirit is connected to The Infinite Source and also connected to each other. There is no hierarchy as one might think and nor separation or any kind of difference from Spirit to Spirit or to Infinite Creator and all is Infinite Love. This state of fact is currently available even here in this False Creation, this falsehood being nothing but an isolation from the True Creation in the Minds of its subjects and a materialisation of an Evil Creation that is dark tumour in True Creation. If someone has the courage to go to the depths of Darkness then it is possible to see where it leads. It could have the surprise that advancing to the very centre of Darkness and getting through it, darkness will become to be more and more inconsistent, until eventually will get out on other side of True Creation!

Trying to do the same on the different angle you'll discover that the phenomenon itself is repeating! It's like a black cloud on the Infinite Love, a cloud of dense energies that goes to the matter density.

The Usurpers created a False Creation, which has all the inverted attributes of the True Creation. Definitely not to be awarded for originality, but this False Creation is just an incident into the Infinite Creation, incident that is currently on correction. A terribly stupid idea, since willingness to be opposed to Infinite will have no other alternative than the finite and the impossibility of existence! This is the unfortunate fate of this aberration.

Every True Spirit trapped here is manifesting simultaneously also in the True Creation, as long as its connection is not interrupted by its own decision. Darkness delusion is the programming of separation that make you cease your powers to somewhat outside you! The subtlety of this hoax is to make you believe that you are separated and eventually alone! Trapped Spirits aren't aware of the Infinite power they have! They were dragged into this delusion and formally believe it, especially lacking other knowledge.

Darkness involved lots of Evil mechanics to maintain this delusion because otherwise it could crumble in seconds - it just depends of your lack of awareness! We are all connected to the Infinite Mind but Darkness hided that knowledge from you, and created instead the Human Mind and tell you to rely on - another aberration meant to keep you away of using the Infinite Mind. Human mind is a mechanism that chaotically functions linking any type of information that receives in a random way. Of course it could be programmed, and focused on negative things - a controller's speciality. And once programmed it have a fanatical tendency of preserving any kind of programming.

To reach the Infinite Mind is enough to get rid of the Human Mind. This can be done through meditation and is the best way to get in connection with The Infinite from inside this dark matter blockade. One of the obstacles is the Human Mind with its multiple programming. But through discipline and meditation you could override it.

True Spirit trapped in here face all the delusions created by Darkness without any suspicion Darkness activity and methods. Everything is evil crafted in the False Creation to create the illusions of separation, difference or superiority, from the separation of True Spirits in man-woman to separation based on skin colour, nations, education, religion, economics, and so on. All of these separations have the same goal: Divide et Impera – the beloved Darkness principle of an evil empire that

served darkness extremely well – Roman Empire. Please be aware that everything in this world is based and founded by separation and each side has the arrogance to be better. Everything has to have an opponent and even an entire philosophy is trying to argue this aberration. Duality started when Evil Minds separated from The Infinite.

Darkness is not the absence of Infinite Love - a favourite Darkness speculation. It is nothing but an abuse forced upon some Spirits that never suspect anything, and truly never experienced anything else but Infinite Love. False Creation is based on hiding The Truth and could operate only as a resultant of this induced ignorance.

The paradox is that Darkness needs Infinite Love and it is using it from the start. It's ironic that it needs exactly what it hates most, but Darkness and its minions are turned themselves into parasites by their self disconnection from the true Source and desperately needs an energy to exist. They can't draw it directly from The Source as its antagonism is irreconcilable! Every entity needs True Source energies in order to function, because darkness cannot sustain anything except hate and death. Separating themselves from the True Source, The Usurpers faced their total lack of sustainability. I believe that in that moment they realised that their antagonism is doomed. The Usurpers surely believed in their vanity that they can also create as Infinite Creator did. But they didn't saw that coming: opposition means opposite attributes.

Usurpers started to steal what they cannot create, and to cut the story short, here we are in the Malevolent Creation, most of us heavily harvested and devoured.

The stake is your True Heart that connects you with The True Creation and The Infinite Creator. Losing True Hart means disconnecting from The Source, but that never can be done without your consent. Watch out, Darkness is using all kinds of manipulation in order to have your consent. Envy, vanity, lies, jealousy, etc. are standards here and are permanently enforced against you.

Everyone that lost their True Light will be further manipulated by Darkness and their emotional energies will be further squeezed – it will be forever a slave! That is no way back! Reptilian beings, controllers of the physical plane are feeding with lower emotional energies, because that is their maximum frequency they can stand. The purpose of controlled media is spreading fear and hatred, crimes and horrible

accidents, catastrophic mass events and deaths, sport events where immense emotional energies are involved and even wars – all of which generates tremendous amounts of low emotional energies that feed reptilians. And they are permanently harvesting.

The mechanisms of Darkness are complex to decipher and this might lead you to know that was the result of a higher intelligence. Indeed a higher intelligence is involved, but a malevolent intelligence that draws its power from every one of you while you don't have any idea of what's really happening.

The important Darkness principle of management of its Evil Creation is programming. Everything in the Evil Creation is functioning by programming. Planets are programmed to rotate, seasons to succeed, plants to blossom and to fructify, animals to mate, and above this stands humans which shows a different type of programming and then think that they are superior. One of most evil programming is the man-woman programming to behave in total opposition of each other, in order to create constant tensions meant to generate huge amounts of negative emotional energy.

Darkness work in pyramidal scheme: Archons that originates the Malevolent Creation rules through their minions. Every one of them is programmed and has a limited degree of dominance over the next below! And everyone below is heavily programmed to obey the immediate upper echelons. Everything on this planet functions like this and human activity is based on this. Mineral reign feeds the Vegetal reign, that feeds the Animal reign, that feeds the Human reign. Humans are feeding reptilians, reptilians are feeding Gods, Gods are feeding Demiurges, Demiurges feed Archons. This kind of programming legitimise anyone along this chain as superior to reigns below and therefore justifies any abuses as a natural right. Killing innocent animals for meat consumption - reptilian mentality - was imposed to annihilate empathy that is a manifestation of True Spirit. And a source of painfully low energy that suits them well. Many people never suspected that animals have Spirit also, and consuming meat is one of the most spiritual degrading acts.

Gods are Anunnaki high rank entities that feed on your spiritual energies that you are deliberately giving away. You have been taught to pray, didn't you? You were taught to be a slave that continuously sends

energies to its master. All systems that Darkness imposed on this planet are making you the perfect slave, using your energies to perpetrate the slavery! Keep in mind that you are programmed to reject any information like this, and generally any information that contains Truth! For thousands of years you were feeding and bow to Anunnaki – the so-called Gods that appeared through history to Mayans, Egyptians and other cultures, the real malefic administrators of the Planet Earth. The pyramids found all over the planet are nothing but Anunnaki marks of their pyramidal organisation.

Darkness is a parasite in the True Creation and is relying on limited resources and that resource is you. This is why it is perpetually obsessed to steal True Light from its hostages and eventually expand.

The Infinite Creator stopped the expansion and all the measures to disable Darkness were put in motion long ago, but because of the illusion of called Time it might seem somehow that things are stalling.

The Infinite Creator could instantly delete this aberration, but is concerned about the fate of all the True Spirits captured in this Darkness coup. The rescue mission became more important and indeed worked well until now. The safe extraction of Pure Spirits from the Malevolent Creation is about to finish. Just a very few True Spirits were born here in the last 10-12 years and soon all the True Spirits will be evacuated. That will be the total collapse of Darkness consuming its last energies in a chaotic and dramatic end that none of the True Spirits will witness. It will be a total explosion of evil all around a planet that will be physically collapsing.

Darkness obsession of perpetrating is now stronger than ever as resources are severely drained. It will act more and more aggressive trying to squeeze any kind of energy. It is very important for you to avoid delusions in order to keep your True Light. What is further be happening will be more aggressive as long as Anunnaki will lose control. Some of them already know this and desperately see how Darkness is fading away. This is the decision of Infinite Creator in order that too many innocent Spirits have been lost forever in the machinations of Darkness. The process is about to take the final stage and nothing can be done, no matter what convulsions Darkness will create.

Darkness is obsessed by the concern that your knowledge and energies could someday help you override the evil programming. Even during your sleep time – another evil is imposed - you are diabolically

programmed to remain in the material world in order not to escape from this prison. While dreaming, you often experience stupid scenarios and intense emotions – another evil way to harvest energies from you. In other ways you are forced to feed the Evil Creation.

Let's get to the practical side now. The initiation this time is different than other Zalmoxis – Sokaisi initiations that you received.

You have to go to the Centre of the True Heart of the Infinite Creator and ask to be initiated in Infinite Love until the process will be complete.

You can repeat the process as many times as you feel that is needed. Until you will be deeply in compliance with Infinite Love. In fact Infinite Love is the very nature of you and it shouldn't need an initiation to use Infinite Love, because is your nature. But the many successive incarnations, programming, materialistic patterns and using evil Human Mind altered you. That's why you needed a complex process of initiations that can lead you to realise who you really are!

Infinite Love is the only thing that exposes and unmasks Darkness! This is why Darkness hates everyone that carries Infinite Love in their True Heart!

I recommend to use Infinite Love more often than any previous of your initiations. Sokaisi and Zalmoxis Initiations are the systems that lead you reach back your true essence – Infinite Love. Darkness creatures can't stand Infinite Love. Darkness Evil Creation also can't stand Infinite Love.

Concentrate Infinite Love into Darkness and all darkness assets until it will be Infinite Love, to the infinity!

Darkness isolated from Infinite Love from the exterior but never thought that it would ever come from the inside!

This is the end of Darkness! You could find more developing initiations, and the next one is:

True Creator
